### Send This Job To A Friend

Agrium is driven by growth, whether it is to improve the performance of crops that feed the world responsibly, grow our business, our market share or our earnings. Headquartered in Calgary, Alberta, Agrium is one of the world's largest nutrient and fertilizer producers with net sales of almost \$10-billion over the past two years, compared to just \$2.8 billion five years ago and \$1.7 billion ten years ago. How's that for growth!

We also encourage our employees to grow within their roles as we continue to pursue new ways to make Agrium a great place to work. In 2010, we were awarded the distinction of being named one of Canada's Top 100 Employers and one of Alberta's Top 50 Employers. Come grow your career at Agrium and join our more than 11,000 employees across North and South America to help feed a growing world.

Job Title: Financial Analyst – Systems - Financial Planning & Analysis  
Department: Finance  
Reports To: Project Supervisor – FP&A  
Direct Reports: N / A

### Essential Responsibilities

- This position is a developmental role and acts as a key member of the Financial Planning & Analysis team at Crop Production Services.
- Provide field and finance management support on the creation of branch locations and salespersons within CPS systems (i.e. iSeries, Unicorn, ARS, etc).
- Partner with IT as a financial liaison for systems standardization, ensuring accuracy for GL account mapping, salesperson rep numbers, etc.
- Partner with Project Supervisor of FP&A to develop and manage Green Book templates, Selling and G&A reporting, End of Month sales accrual presentation, and other ad hoc projects/reports.
- Support Regional Finance Managers/Analysts during the monthly, quarterly, and annual forecast, close and budget process.
- Quickly understand financial and operations reporting and drive improvement throughout the organization (e.g., dashboards, OLAP and data warehouse tools, and creation of management reporting).
- Partner as needed with the Sr. Manager of FP&A and Director of Finance.
- Strong problem solving and analytical skills demonstrating the ability to understand key financial drivers of the business.
- Keeps abreast of current trends and practices in the industry and field of expertise.
- Performs other duties and projects as assigned.

### Required Skills

- BA/BS in Accounting/Finance required.
- Strong integrity and business ethics.
- Ability to lead by example and work well with others.
- Attention to detail.
- Superior written and verbal communication skills.
- Strong computer & Systems skills (i.e. Microsoft Excel, Report Development, etc).
- Demonstrated analytical/accounting skills.
  - Willingness to travel.

**Experience Required:**

- 1-3 years practical experience preferred
